SPORTS
TOPSPIN

ONIX Pickleball is the leading manufacturer of performance pickleball paddles, balls, and accessories, ONIX equips players with technologically advanced equipment that is **PROVEN** to make the sport faster, more precise, and more strategic. Since its founding in 2005, ONIX Pickleball has dedicated its mission to growing and supporting the sport at a professional level. We are proudly headquartered in Evansville, Indiana. Play your best with ONIX Pickleball.

PLAY YOUR BEST

Our commitment to this game is a promise to create the most technologically advanced equipment that makes both you and the sport better. We are constant, dependable, and work hard so you can play hard. When your game demands maximum effort, let us worry about the equipment, you worry about your game. Play your best with ONIX Pickleball.

INNOVATION

We are as passionate about our craftsmanship as the pickleball players are who use our equipment. Every day we design performance solutions that make you better. At ONIX Pickleball, we never stop researching, developing, and engineering the highest performing gear that brings home both hardware and pride. We talk and listen to our athletes to create paddles for players by players. We are ONIX.

TECHNOLOGY

We know that the secret to giving you the advantage is in our engineering. That's why we are devoted to ensuring every one of our athletes has the best paddle and ball for their game. We never stop developing gear to revolutionize the sport. ONIX Pickleball is proven to deliver.

TEAM ONIX

To ensure our products are at the forefront of pro pickleball play, we partner with elite pickleball players at the top-level of the sport that depend on ONIX Pickleball to give them an advantage on the court. And just as our pro pickleball players trust ONIX to provide top-quality products, we look to our professional pickleball players for expertise in developing innovative pickleball equipment with professional-level refinement. Our phenomenal pro pickleball players play in national pickleball tournaments across the country, representing Team ONIX and the excellence that we strive for every day.

PICKLEBALL PADDLES

We push limits. You win. It's that simple. ONIX Pickleball paddles are tested and proven. We have the gold medals to show for it. We offer pickleball paddles for every level of player from our top-of-the-line performance pickleball paddles to our aspiring intermediate player pickleball paddles, to starting out recreational pickleball paddles. No matter the level you play, our equipment produces results. ONIX Pickleball is **PROVEN**.

PICKLEBALLS

It does not matter what level of pickleball player you are, regardless of whether you are a professional or just learning the game - from USA Pickleball Approved tournament balls to casual play balls, we have the choice of the best indoor pickleballs and outdoor pickleballs for every preference. We own this space. Our outdoor pickleballs are used more often in pro tournaments than any other pickleball.

PICKLEBALL EQUIPMENT & ACCESSORIES

At ONIX, we've created an entire line of pickleball accessories specifically designed for the sport to give our players even more of an edge. Whether you're looking for ways to maximize practice time with our portable net or looking to upgrade or replace your tournament bag, our gear is proven to help improve your game.

COMMUNITY SUPPORT

Together with ONIX, Sports Topspin supports the pickleball community through our sponsorship program. Hundreds of paddles as well as thousands of balls every year make their way to tournaments, players & associations across Canada. We also participate in Paddle with a purpose, a breast cancer support program from ONIX.

ONIX MALICE DB RAW CARBON

ITEM NUMBER: HKZ8000RCDB-MLC14OTCMP,
HKZ8000RCDB-MLC16OTCMP

NEW

CONTROL 14MM
MAX CONTROL 16MM

Thickness Options: 14, 16

- RAW CARBON FACE - The raw carbon fiber face provides a naturally textures paddle surface which increases spin and control on the ball for professional shot making
- POLYPROPYLENE HONEYCOMB CORE - Polypropylene Honeycomb Core of the paddle provides added touch, power, and response throughout play
- PERFORMANCE POWER & CONTROL - Experience the unmatched performance power in a medium-weight, double-bridge paddle weighing 7.8-8.2 oz. with a raw carbon fiber face
- DOUBLE BRIDGE - The double bridge contains a rubber insert that helps reduce vibration and increase power

ONIX FUSE BALLS

ITEM NUMBER:

OUTDOOR FUSE G2, GREEN, YELLOW • HKZ41003N-G2 (OUTDOOR, GREEN, BOX OF 3), HKZ41003Y-G2 (OUTDOOR, YELLOW, BOX OF 3), HKZ41006N-G2 (OUTDOOR, GREEN, BOX OF 6), HKZ41006Y-G2 (OUTDOOR, YELLOW, BOX OF 6), HKZ41100ON-G2 (OUTDOOR, GREEN, BOX OF 100), HKZ41100Y-G2 (OUTDOOR, YELLOW, BOX OF 100)

INDOOR FUSE, ORANGE, YELLOW • HKZ42003O (INDOOR, ORANGE, BOX OF 3), HKZ42003Y (INDOOR, YELLOW, BOX OF 3), HKZ42006O (INDOOR, ORANGE, BOX OF 6), HKZ42006Y (INDOOR, YELLOW, BOX OF 6), HKZ42100O (INDOOR, ORANGE, BOX OF 100), HKZ42100Y (INDOOR, YELLOW, BOX OF 100)

Ready to play right out of the box, the all-new ONIX Fuse Pickleball create a consistency between indoor and outdoor game. These all-new pickleballs are specifically designed and optimized for pickleball, providing the truest flight and most authentic bounce available. The Fuse balls have exceptional seam welding offering greater durability and resists splitting. The superior balanced ball is strategically aligned with precision-drilled holes. The indoor ball provides a larger hole pattern and less bounce off of indoor courts, such as concrete surfaces or gymnasium floors. The balls meet USAPA requirements for outdoor tournament pickleball play.

Color Options: Orange, Yellow and Neon Green

- ONIX Fuse Pickleball Balls are ready to play immediately out of box
- Fuse ball creates consistency between the indoor and outdoor game
- Exceptional seam welding offers greater durability and resists splitting
- Superior balance with strategically aligned, precision-drilled holes
- Meets USAPA requirements for indoor tournament pickleball play

ONIX DURA FAST 40 OUTDOOR PICKLEBALLS

ITEM NUMBER: HKZDF004-Y (YELLOW, BOX OF 4), HKZDF004-N (NEON, BOX OF 4), HKZDF004-PNK (PINK, BOX OF 4), HKZDF100-Y (YELLOW, BOX OF 100), HKZDF100-N (NEON, BOX OF 100), HKZDF640-Y (YELLOW, BOX OF 640), HKZDF640-N (NEON, BOX OF 640)

The official ball of the 2019 US Open Pickleball Championships, each Dura Fast 40 Pickleball is manufactured to exacting standards as a seamless one piece ball before our hole pattern is machined into it. The attention to detail in this process creates the longest lasting, highest quality pickleball on the market today. Choose from two different colors - neon or yellow.

Color Options: Neon and Yellow Orange

- Developed specifically for the game of Pickleball
- Traditionally used outdoors
- Official Ball of the 2019 US Open Pickleball Championships
- Can also be used for baseball and softball training drills
- Your choice from two different colors - neon and yellow

- DISH WASHER SAFE – Mug is dishwasher safe – recommended to wash by hand

PICKLEBALL PADDLE ERASER

ITEM NUMBER: HKZ7530-ESRPCK

Color Options: Orange & Black

Keep your Evoke Premier Raw Carbon paddles clean. Using the all-new ONIX paddle erasers, wipe away ball residue, dirt, and other minor scrapes/scratches. The ONIX pickleball paddle eraser come in a 2-pack of 1 black eraser and 1 orange eraser; they are perfect to maintain your raw carbon paddles hitting surface over time. The paddle eraser is made of rubber material for durability and easy ability to use on and across the paddle's surface and is said to be better than a liquid cleaner and safer than a solvent; just a few gentle swipes on the surface of the paddle and you'll see it good as new. The Pickleball Paddle eraser is compatible with all carbon fiber paddles and any paddles with a carbon fiber face. Players can now retain and renew your raw carbon paddle surface free of dirt, scratches, and scrapes. Play your best with ONIX.

- How to play guide

INNOVATION

Ball Technology

As pickleball enthusiasts, we know that the essence of the sport lives in the ball. After looking at what was available on the market, we set out to engineer a better pickleball that was designed specifically for the sport and unrivaled in quality and performance. After two years of extensive research and development, the Onix Fuse Ball was born. We created a ball that combines an exclusive material formula and meticulous structural engineering to make the most technologically advanced ball available. The superior playability of the Onix Fuse Ball has captured the attention of the pickleball community and is revolutionizing the sport.

- 
AUTHENTIC BOUNCE TECHNOLOGY
 Designed specifically for the sport of pickleball, the Onix Fuse ball features our proprietary material formula that delivers the most consistent and authentic rebound available and maintains its shape shot after shot.
- 
TRUE FLIGHT TECHNOLOGY
 The Onix Fuse ball delivers the most consistent flight available with perfectly round holes that are strategically aligned and precision drilled for optimal balance and perfectly symmetrical ball halves that are heat welded to create an extraordinarily smooth and durable seam.
- 
WEATHER WEIGHTED
 The Fuse Outdoor Ball was strategically designed with heavier weighting and smaller holes to drastically reduce the impact of wind during play, allowing for truer flight during windy conditions.

Paddle Technology

Every athlete knows that having the right equipment is essential in achieving success. In the sport of pickleball, having the best paddle for your game is critical and differentiates good players from great players. At Onix, we are committed to developing innovative paddle technologies that allow you to play at peak performance. The patented technologies we've developed enable players to execute harder smashes, better control, and faster reactions. Although there is no substitute for training and hard work, an optimized Onix paddle can take your game to the next level.

- 
RIBTEC CORE™
 Creates stability and structure with a carbon rib structure that connects the two faces to provide unmatched control while powering the paddle through the ball with increased velocity and accuracy *Patent Pending
- 
FUSION CORE™ TECHNOLOGY
 Utilizes the two most popular cores: a polypropylene base with a precisely placed nomex insert that boosts power in the sweet spot and offers excellent control and pop along the perimeter of the paddle. *Patent Pending Technology
- 
POLYPROPYLENE HONEYCOMB CORE
 Provides balanced performance of touch, power and pop
- 
NOMEX HONEYCOMB CORE
 Provides excellent power while maintaining control
- 
ALUMINUM HONEYCOMB CORE
 Provides heightened touch with ample amounts of power
- 
FOAM CORE
 Offers sound dampening properties while maintaining performance
- 
GRAPHITE FACE
 Offers light-weight characteristics for added speed, pop, and maneuverability
- 
COMPOSITE FACE
 Offers medium-weight characteristics for added power and touch

- 
ERGO HANDLE
 Contoured to the shape of your hand to index paddle for increased accuracy and control
- 
TENNIS HANDLE
 Mimics the handle shape of a table tennis racket with a flared, wood handle
- 
WIDE BODY SHAPE
 Extends the width of an oversized paddle shape for the largest sweet spot
- 
OVERSIZED SHAPE
 Extends the width of a standard paddle shape for a larger sweet spot
- 
TEAR DROP SHAPE
 Uniquely balances weight with tear drop shape for a higher, more-accessible sweet spot
- 
HYPERLITE
 Made of the lightest materials for the fastest and most agile paddle
- 
LIGHT-WEIGHT
 Made of light-weight materials for increased speed and agility
- 
MEDIUM-WEIGHT
 Balances power and speed for all-around performance
- 
HEAVY-WEIGHT
 Delivers heavy-hitting power for added strength behind smashes
- 
ONE-PIECE CONSTRUCTION
 Improves paddle consistency with a single molding process
- 
BOOSTED SWEET SPOT
 Activates sweet spot with a nomex insert for optimal weight distribution

PICKLEBALL

- **The fastest-growing** racket sport in North America.
- This sport has been made popular by former tennis and badminton players who find it **softer on the knees and shoulders.**
- Practiced by **men and women of all ages.**
- Singles and doubles are both **very popular.**
- Played **12 months** a year.
- Played **outdoor** and **indoor.**
- A fun and **friendly** sport activity of a **social nature** with a **multi-generational** appeal.
- **Easy to learn** for beginners, but can develop into a **very fast and competitive game** for experienced players.
- Now played in more and more **schools, recreation centers and public and private facilities** both indoor and outdoor.
- Clubs and tournaments in all regions of Canada, already present in **hundreds of cities** and growing rapidly. Regular tournaments with **hundreds of players.**
