

ESCALADE SPORTS

2013-2014 CATALOG

DEAR VALUED PARTNER,

On behalf of all of our associates, I would like to thank you for your interest in Escalade Sports.

At Escalade, our primary focus is creating value for our customers and shareholders and delighting consumers by providing the highest quality products in every category in which we compete. We are able to accomplish this by delivering innovative products across a portfolio of world-class brands and offering unmatched customer service that is supported by a system of operational excellence.

As you page through the 2013-2014 catalog, you will see product innovation in every category on our industry leading brands: a revolutionary air-pressurized soccer goal called Gamemaker from Goalrilla, new rackets and the Showcourt table from Stiga, and exciting new products from Zume, just to name a few.

What may not be visible in these pages is our focus on delivering unparalleled customer service. At Escalade Sports, providing exceptional customer service is a goal that is embraced by the entire organization, not just the role of a single department. We endeavor to understand the needs of our customers and consumers and do everything within our means to ensure those needs are met.

Underpinning our distinguished commitment to customer service is a concentration on operational excellence which, to us, means total supply chain management directed through lean principles and executed on the products that we manufacture and those we source. Our manufactured products account for over 60% of all the products we sell, giving us greater flexibility to better manage shifts in customer and consumer demand. We also hold the distinction of being the world-wide leader in table tennis manufacturing and the only leading supplier to produce table tennis tables in North America. For products that we do source, we have a dedicated group of engineers, sourcing and quality control personnel in Shanghai that work closely with our Asian vendors to ensure the highest quality standards.

Your partnership is important to us and we aim to continue to add value to the relationship; so let us know how we are doing and what else we can do to help you build your business.

Sincerely,

Dave Fetherman
President - Sports Division
Escalade Sports

COMPETITION

A close-up photograph of a person's hands holding a table tennis racket and a ball. The person's right hand is at the top, gripping the racket handle, while their left hand is at the bottom, holding a white table tennis ball. The racket is dark-colored with a visible blade. The ball has the 'STIGA' logo on it. The background is a solid, light blue color. A dark blue horizontal band is overlaid across the middle of the image, containing the text.

30 BOUNCE TECHNOLOGY

OPTIMUM BOUNCE TECHNOLOGY

The Optimum 30 is the first table with a 30 mm thick top, creating unparalleled evenness and ball rebound consistency. The top is pre-treated multiple times and then coated with a special varnish to give it just the right amount of gloss and the ideal frictional coefficient. The result is the truest possible bounce, even when balls are spun at the highest level.

CHAMPIONS PLAY

STIGA®

STIGA has been a world leader in the sport of table tennis for over 65 years. For more than half a century STIGA tables and rackets have been world renowned as the best and continues to reinforce its position as the innovative leader in table tennis blade production.

STIGA is the only table manufacturer in North America and is the largest in the world. It is also the official racket supplier to the Chinese National Team, which is the most powerful and successful table tennis team in the world.

ATOMIC BLAZER 7' -G03510W

ATOMIC FLIP TABLE -G05214W

STIGA**TABLE TENNIS**
PREMIUM RACKETS**STIGA** Racket Technology**CARBON TECH**

Two layers of high-performance carbon are integrated into the blade improving rigidity and response, which results in increased speed and power.

**SHOCK DISPERSION TUBE**

Absorbs vibrations and transfers energy out of the handle resulting in improved speed, control, and feel.

**NANO COMPOSITE TECHNOLOGY**

Stronger and tighter bonds in the rubber increase speed and spin.

**ACS**

Numerous microscopic air-capsules in an ultralight rubber allows high speed to be combined with maximum elasticity and outstanding control.

**WRB**

Weight Balance: The balance of the blade is shifted to the point of contact with the ball
Rate of Recovery: The decrease in blade weight improves rate of recovery after each stroke
Ball Sensitivity: The strategically positioned recess in the handle provides extra sensitivity of touch

**CRYSTAL TECHNOLOGY**

STIGA's unique process that hardens the surface of the blade, thus increasing its speed.

**STIGA TUBE**

Manufactured using a technology where the middle veneer has gone through a revolutionary treatment. STIGA has programmed its high tech blade manufacturing machines to mill "Micro-Channels" lengthways in the middle ply of the blades. The channels are then filled with different materials depending on the blade's desired characteristics.

**BALSA TECHNOLOGY**

Ultra lightweight balsa wood center-ply helps increase speed and reaction time.

GAMEMAKER

SOCCER GOALS

SAFE, PORTABLE & STRONG

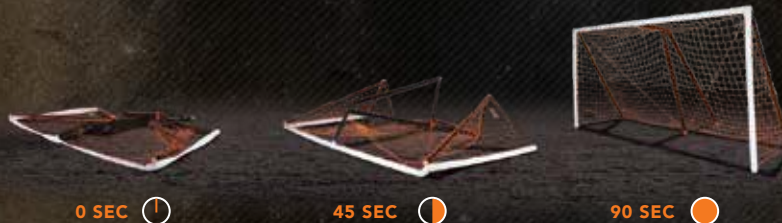

A NEW TRAINING PRODUCT FROM **Goalrilla™**

GAMEMAKER™

SET UP THE GAMEMAKER QUICKLY AT THE **BEACH, GYM, FIELD OR YOUR OWN BACKYARD**

:90 set up

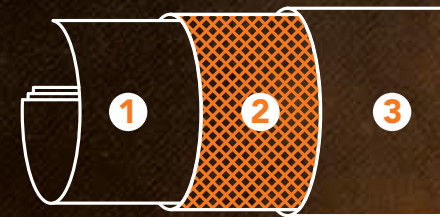

With its two-way pump system, products using **BAROFORCE** can inflate to their maximum pressure of **15 lbs PSI** within minutes, making them ready to go whenever you are.

BAROFORCE™ TECHNOLOGY

(bare-o-force) Maximum Air Pressure (1 bar) Technology to create a rigid structure

1. An interior, flexible layer of Thermoplastic Polymer.
2. A middle layer of High-Tenacity Yarn, providing increased durability and rigidity once fully pressurized.
3. An additional exterior layer of Thermoplastic Polymer that stiffens at full pressure, giving all BaroForce™ frames a solid, firm, outer surface.

ALL GAMEMAKERS COME WITH:
2-WAY PUMP • TRANSPORT & STORAGE BAG
SAND BAGS • GROUND ANCHORS

LEARN MORE AT GOALRILLA.COM/GAMEMAKER

GAMEMAKER™

SOCCER GOALS

8'x24' - GM0248W

NEW!

SPECS

The regulation full-size Gameworker goal spans 8 feet tall and 24 feet wide and was designed with the advanced players' training and competition in mind. While the look and performance simulates a regulation goal, that is where the comparison ends. The Gameworker 8x24 goal is truly transportable and can travel easily between soccer fields. In the event of goal tipping, parents and coaches can be confident that the players won't be injured.

- Regulation, full-size goal for advanced player training and competition
- Looks and simulates performance of a regulation goal
- Easily transported from field to field
- Safe in the event of goal tipping

IT'S IN THE BAG

All Gameworkers come with a 2-way pump, sand bags, and ground anchors all packed in a transport and storage bag.

W: 294" D: 104" H: 99" WEIGHT: 63 Lbs

6'x12' - GM0126W

GOAL SYSTEMS / ACCESSORIES

STRENGTH FROM WITHIN

IT TAKES MORE TO BE A GOALRILLA

TEMPERED GLASS BACKBOARD

- Stronger, safer and performs better
- Full-perimeter, all-steel support frame provides maximum rebound support
- Radius edge aluminum frame protects glass backboard

WELDED, WIDE SPAN BOARD ARMS

- Mitered and welded for superior strength
- Increased support to backboard

ONE-PIECE STEEL POLE

- Welded pivot tubes increase strength
- Welded gussets maximize stability and eliminate pole flex at base

DU PONT® POWDER COATED

- Ultimate UV & corrosion resistant hardware

PRE-ASSEMBLED PRO-STYLE FLEX RIM

- Net included
- Dupont powder coated
- Ultimate UV & corrosion resistance

ALL-STEEL, PRECISE HEIGHT ADJUSTMENT

- Easily adjusts goal height from 7'-1/2ft. To 10ft. (meets ASTM Standards)

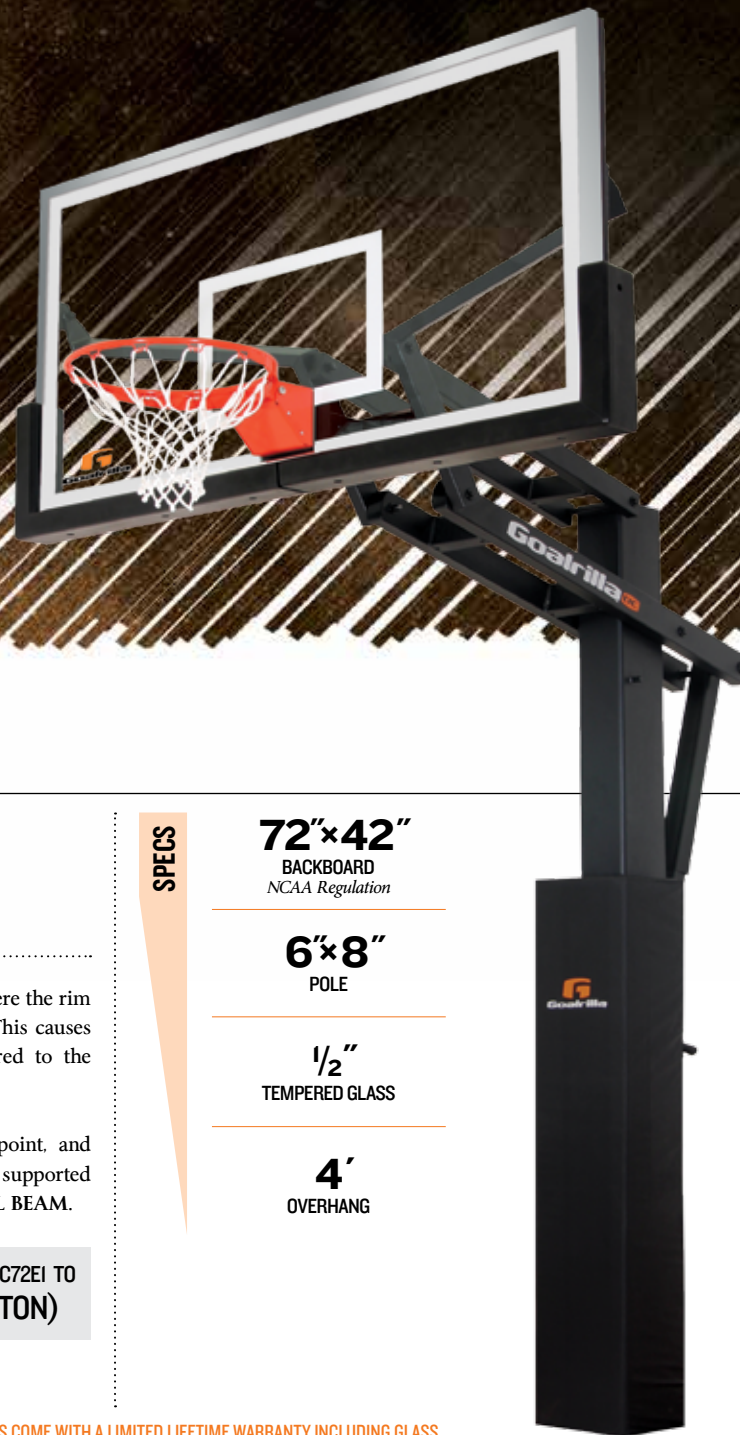

ROCK-SOLID, ANCHOR BOLT MOUNTING SYSTEM

- Allows for easy leveling
- If you move to a new home, your system can move with you
- Includes rebar steel rods to strengthen concrete

WHEN YOU PURCHASE GOALRILLA PRODUCTS, YOU KNOW YOU'LL ALWAYS RECEIVE:

- UNCOMPROMISED STRENGTH
- PROFESSIONAL REBOUND
- OUTSTANDING WEATHER RESISTANCE
- LIMITED LIFETIME WARRANTY (INCLUDES GLASS)

DC72EI | B610IW

DIRECT CONNECT TECHNOLOGY

The rim is directly connected to a 4" STEEL BEAM allowing the Goalrilla DC to support up to 2,000 lbs. (1 Ton)

Most adjustable basketball goals pivot where the rim and backboard meet the backboard arms. This causes forces on the rim to be directly transferred to the backboard frame and glass.

The Goalrilla DC eliminates this pivot point, and instead transfers all forces to a solid cage supported by double-welded crossbeams via a 4" STEEL BEAM.

THIS TECHNOLOGY ALLOWS THE GOALRILLA DC72EI TO SUPPORT UP TO 2,000 LBS. (1 TON)

The background of the advertisement is a dark grey, textured surface with a repeating pattern of darts and dartboards. The darts are positioned as if they have just been thrown, with their flight paths visible. The dartboards are arranged in a grid-like pattern. The overall aesthetic is clean and professional, emphasizing precision and accuracy.

BEAR YOUTH ARCHERY

Our commitment to young hunters is something that Bear Archery takes a great deal of pride in. The Bear Archery Youth Bow line provides the next generation of archers with the first bow they'll need to nail their first shot. Bear Youth Bows stand to be your young hunter's go-to first bow—and one they won't outgrow after just a season or two.

TERMS & CONDITIONS

ORDERING INFORMATION:

- Include catalog item number and full description for each item on your purchase order.
- Phone number of consignee is required on all drop-ship orders.
- Minimum And Special Order Charges
 - \$25.00 Skid Charge on all LTL single item shipments of Basketball, Table Tennis, Billiard, and Game Tables. (item is palletized and steel banded)
 - \$10.00 Minimum Order Charge on all orders less than \$50.00 shipping to store and warehouse locations. All orders shipping to store and warehouse locations must be ordered in standard pack quantities.
 - \$4.50 Drop Ship Handling Charge on all drop-ship orders

TERMS:

- Net 30 days with approved credit. A 2% charge per month (24% per annum) will be made for past due accounts.
- Shipments will be invoiced at prices in effect at time of order. Prices and product specifications subject to change without notice.
- These conditions and terms supersede those appearing on buyer's purchase order.

CREDIT:

- If an open account is desired, contact our corporate office indicated on the back cover or your sales representative to receive a credit application. For immediate shipment of your initial order, please send full payment by check or money order.
- Visa, MasterCard, and Discover are accepted.

RETURNS:

- Returned merchandise will not be accepted by Escalade Sports without written authorization.
- Returned merchandise must be shipped with prepaid transportation.
- Returns sent transportation collect will not be accepted.
- Claims for defective merchandise must be made within 30 days of shipment.
- All returns are subject to a restocking charge not to exceed 20%.

GOODS DAMAGED IN TRANSIT:

- Escalade Sports must be notified of damage immediately at (800) 457-3373.
- Do not accept damaged goods from carrier until agent has noted on delivery receipt or freight bill the nature and extent of damage to contents.
- Prepaid Freight shipments: Escalade Sports will file damage or shortage claim
- Collect or Third Party Freight Shipments: It is your responsibility to file damage or shortage claim with carrier. Failure to do so will not relieve your invoice liability.

CONCEALED DAMAGE:

- Concealed damage must be reported to the carrier within 15 days of delivery date.
- If contents are found to be damaged upon unpacking after carrier delivery, notify carrier and Escalade Sports of extent of concealed damage.

SHORTAGES:

- If shipment is not delivered to you in accordance with quantity of cartons and packages as shown on bill of lading and freight bill, do not accept until shortage is noted on freight bill or delivery receipt.
- Inspect all packages to be sure they have not been opened.
- If pilfering is suspected, notify delivery carrier so they can inspect packages as they are opened.
- Check contents of your package(s) against enclosed packing list carefully. Small items are often overlooked as part of packing materials.
- If shortages are discovered not attributable to carrier, notify Escalade Sports in writing within 3 days after receipt of order. Failure to make such notification negates loss claims. All shortages must be reported by carton number.
- Claims for shortages must be made within 10 days from receipt of goods.
